Introductory.

A few years ago the word "Great" was added to the North Carolina State Fair. This addition indicated a determination on the part of the management to make the Fair fulfill to the satisfaction of the general public what was implied by the word "Great."

We may be pardoned for briefly introducing the following testimony which proves beyond question how successful the Fair has been and how rapidly it is growing and how universally the people of the State are patronizing it:

Eighty-three solid carloads of exhibits entered the grounds last year as against forty-two the year before; 3,501 separate entries *versus* 1,201; \$5,026.33 paid out in premiums *versus* \$3,751.24.

More than \$10,000 was spent in the erection and improvement of buildings last year, the principal item of which was the new Agricultural Building of reinforced concrete construction. This year, a Poultry Building (60 x 150 feet), of modern design, is under way and will be completed in time for the Fair. The accommodations for livestock are being overhauled and increased. Other improvements for the benefit of exhibitors and visitors are now under way—all of which will be completed by the Fair, October 16-21, 1911.

We feel that the people can be safely promised an even greater Fair in all respects this year than ever before, as the correspondence in the office has been unusually large thus early, indicating a rapidly growing interest throughout the State.

Department classifications have been revised again this year, and premiums further increased.

In Department A (Field and Garden Crops), the policy adopted this year is to divide the big-money awards into more premiums; for instance, three prizes now are offered in the individual agricultural exhibit, ten in the Men's Corn Contest, twenty-four in the Boys' Corn Contest, and eleven in the Cotton Contest.

The girls are remembered this year, a Tomato Contest having been instituted, with seven prizes.

A notable increase of premiums is in the tobacco section, made possible by Mr. J. O. W. Gravely and other citizens of Rocky Mount.

Coming to livestock, it is a significant fact that the Percheron Society of America, for the first time this year, is offering its magnificent prizes at our Great State Fair, one of four Southern Fairs thus put on a plane with the greatest Fairs of the United States. The Fair has also enlarged its own premiums in the Percheron class. Other great livestock associations tendering their prizes here this year are the Holstein-Friesian Association of America, American Hereford Association, Hampshire Sheep Association (increased this year), Angora Goat Association (our Fair doubles Angora premiums), American Poultry Association, American Berkshire Association, North Carolina Berkshire Association, Duroc-Jersey Association, Berkshire World Futurity Show, American Plymouth Rock Club. This Fair supplements several of these special offers.

In the Poultry Department it was deemed advisable this year to limit competition for premiums to North and South Carolina, Virginia, Tennessee and Georgia.

The State Superintendent of Public Instruction is co-operating with the State Fair management to make the exhibits in the Department of Education the most complete that have ever been seen in North Carolina. Much attention has been devoted to this part of the Premium List, and much hard work is being done to encourage the city schools and the country schools to let their good works be seen of the throngs that come to the Fair.

Upon recommendation of the management the Executive Committee has absolutely forbidden from the grounds all dancing-girl shows or other exhibitions into which immoral or indecent acts might be introduced, and all doubtful games admitting the element of gambling. This action has been given wide

INTRODUCTORY.

publicity in the amusement press, with the result that the biggest and best shows in the country, and exhibitions offering educational as well as legitimate amusement features, will have a clear field. Thus the midway will be the most brilliant and most interesting in all the long history of the Fair.

The Executive Committee also decided to abolish the practice of issuing complimentary free passes, so that this year there will be no discrimination whatever in the matter of admission to the grounds.

The "slapper" nuisance has been relegated to the past along with the whips and other things that might become a source of annoyance amid the carnival of high spirits prevalent at the Fair.

The Fifty-first Great State Fair of North Carolina will be formally opened by Governor William Walton Kitchin, at noon, on Tuesday, October 17, 1911.

Rules and Regulations.

GENERAL.

1. Competition is open to the world, except in instances specified.
2. The gates will be opened for admission of visitors at 8 o'clock a. m. each day and closed at 6 p. m.
3. Employees of the Fair (including police) must wear badges, and day force must be at their posts at 8 o'clock a. m. each day of the Fair and remain on duty till 6 p. m.; night force will be on duty from 6 p. m. to 8 a. m.
4. Every reasonable effort will be made by the officers of the Society and those in charge of the grounds to protect property on exhibition from loss or damage, but the Society will not hold itself responsible should loss or damage occur.
5. Drunkenness, disorder, quarreling or the use of profane or obscene language will not be allowed on the grounds.
6. Possession of firearms or intoxicating liquors will subject person or persons having the same to arrest.
7. No peddling, hawking or selling of any kind will be allowed in the buildings or on the grounds except by license from the Secretary.
8. The distribution of hand-bills or other advertisements is strictly prohibited about the grounds or buildings, except under direction of the Secretary.
9. No article or animal will be entitled to space until the proper entry has been made. After an article or animal has been entered it cannot be removed until the close of the Fair.
10. Each department will be under the special charge of its Director. He will appoint judges, oversee the arrangement of all articles offered for exhibition in his department and have control of the space assigned to it. He will be assisted in his duties by a superintendent, who will receive and install all exhibits and deliver the articles on the surrender of property checks at the close of the Fair.
11. The exhibition of articles not mentioned in the Premium List is solicited. These will be entered in the books, assigned to proper departments, and reported on by the judges, who cannot award premiums thereon.
12. The Executive Committee reserves the right to withhold premiums in any case in which it shall appear to them that the regulations have not been complied with or that fraud or deception has been practiced or attempted.
13. Exhibitors must provide, at their own cost, all showcases, shelvings, counters, fittings, etc., which they may require.
14. Exhibitors' business cards, pamphlets, circulars, samples, etc., may be placed and be distributed from within the space allotted. Exhibitors may sell goods during the Fair, but no article on exhibition shall be delivered until after the close of the Fair.

ADMISSION.

For one-horse hack -----	2.00
Drays -----	1.00

16. No money can be accepted by gatekeepers. Admission is only by ticket or official badge.

17. Life members will receive admission tickets during life, admitting member, wife, and children under twelve years of age.

18. The gates will be closed to the public on Sunday preceding the Fair.

19. The Society makes no charge for space on exhibits of products manufactured in North Carolina, or livestock or agricultural products grown in North Carolina. No entrance fees are required except in the Poultry Department, where a fee of 25 cents on each bird is charged to cover expense of feed and care. Ten per cent of premiums aggregating five dollars or more will be retained as entrance fees, except in the Poultry Department.

20. All tickets—life members' tickets or other tickets—presented by persons not entitled to hold them must be taken up by the gatekeepers and those offering them required to purchase others before entering the grounds.

ENTRIES.

21. The entry-books will be open at the office of the Secretary of the Society in the city of Raleigh from September 15th to and including the Friday next before Fair Week and at the Secretary's office at the Fair Grounds on Saturday and until 12 o'clock M. on Tuesday, when entries will close. Entries of horses, cattle, sheep and swine will close Monday of Fair Week at 5 p. m., and entries of poultry and pet stock will close on Saturday preceding, at 5 p. m.

22. Entries may be made in person or by proxy. In making entries it is necessary to give the name of the article, the name and postoffice address of the exhibitor, and the premium number under which the article entered is to compete.

23. All articles which are the product of the soil must be entered in the name of the producer. Those showing handiwork of skill must be entered in the name of the one whose skill they exhibit; such may be individuals, firms or factories. They must have been made within three years and not exhibited at any former Fair of this Society. All other property must be entered in the name of the actual owner.

24. In case special facilities for meritorious exhibits are required such entries shall be made before October 1st.

25. The same article or animal cannot compete for the premiums of two or more premium numbers except when otherwise stated in the headnotes of the department in which it is exhibited.

26. All entries will be numbered and recorded in the books of the proper department, and corresponding entry tags and property checks will be issued, the tags to be attached to the exhibit before installation.

27. No person will be allowed to see the entries or have access to the entry-books until after the awards have been made.

28. Persons from a distance desiring to exhibit textile goods and art work may ship their goods to the Secretary prepaid, but in no case will he or the Society be responsible for any loss, damage or breakage. Goods so shipped must be directed to the Secretary, "Main Gate, Fair Grounds," and must arrive not later than Saturday preceding Fair.

29. If entry cards for livestock or property checks are to be mailed, postage to cover same must be sent. October 6th is last date of mailing.

RULES AND REGULATIONS.

30. The required fees must accompany all entries of poultry and pet stock.

31. With entries of pure-bred horses, cattle, sheep and swine complete bona fide information must be given according to entry blank enclosed. Penalty for false statement will be expulsion from competition or forfeiture of premium.

32. All entries shall be for the first premium of the premium number under which they are entered, but failing to take the first shall compete for the second, if a second is offered; and failing to take the second shall compete for the third, if any, but shall not be awarded more than one premium under the same premium number.

33. Exhibitors must see to the proper delivery of articles and livestock on the grounds, and to the proper care of the latter, as no charges for transportation or drayage will be paid by the Society.

EXHIBITS.

34. The grounds will be in readiness for the reception of exhibits any time during the week preceding the Fair.

35. Articles and animals provided with the required entry tags or cards will be installed by superintendents of departments until Tuesday of Fair Week, at 12 o'clock M. and not after that time.

36. No obnoxious or repulsive articles will be admitted.

37. Exhibitors will be required to keep their spaces and stalls in a clean condition by removing therefrom any filth or litter and placing it in front thereof, where the scavenger force of the Society may get it.

38. Should any person misrepresent his exhibit, and a premium be awarded upon it, such premium may be withheld by the Executive Committee.

39. Exhibits not fully installed by 12 o'clock Tuesday of Fair will receive no attention from the judges.

PREMIUMS.

40. The premiums are designated by ribbons—blue meaning first; red, second; and white, third premium. These ribbons will be attached only by the director of each department after judges have made their awards and the same have been approved by the director.

41. Premiums are payable thirty days after the close of the Fair, and if not claimed by the 1st day of February, 1912, will be regarded as donated to the Society.

INSTRUCTIONS TO SUPERINTENDENTS.

42. No superintendent may employ help without written authority of the management. Supplies may be obtained only on order from the Secretary.

43. Superintendents of departments will be at their posts on the ground from 8 a. m. to 6 p. m. daily from Monday through Saturday of Fair Week.

44. If erroneous entries are made they will report same to the Secretary's office.

45. Superintendents will point out to the judges the articles or animals to be inspected and cause the same to be displayed in their proper places and at proper times.

46. They will see that order and decorum are observed in their departments, and use due diligence to protect property against damage and loss by accident or otherwise.

47. They will see that no property is removed before close of Fair, and that the property checks are detached from the entry tags of property when removed.

RULES AND REGULATIONS.

DIRECTORS AND JUDGES.

48. The Society reserves the right to use either the single- or three-judge system, or both.

49. The judges shall be furnished by the Secretary with a list of all entries in their respective departments and books in which their awards are to be recorded.

50. Should any of the judges previously selected fail to be present, the director of each department is authorized to fill the vacancies.

51. No person directly or indirectly interested will be allowed to serve as a judge, nor shall a member of the Executive Committee act as a judge or umpire.

52. Judges are specially instructed not to award premiums to any animal or article because of its presence; it must be individually worthy.

53. When two subjects are deemed by the judges of equal merit, and when to either, if alone, the premium would be awarded, in such case the award must be to divide the first and second premiums equally between the two competitors; or in case there be no second premium offered, to divide equally the first.

54. The directors in charge shall accompany the judges when making the examination in their respective departments and furnish them with all required information. Premiums will not be paid exhibitors where it is proved that they accompanied the judges when awarding the premiums. The awards, when completed, shall be signed by the judges and attested by the director, who will take charge of the book and return it to the Secretary. As the awards are made, the director will attach the ribbon indicating the award.

55. Decisions of judges shall be final, and no appeal will be considered except in cases of protest, in writing, with strong evidence of fraud or violation of the rules of the Society, which may be filed with the Secretary before the premiums have been presented.

56. Directors and judges are not authorized to permit consolidation or change of exhibits after entries are booked.

57. Directors and judges are not authorized to offer or agree to compromise in case of protest by any exhibitor as to decision.

58. Directors will report names of judges selected by them to the Secretary's office before October 10th.

CONCESSIONS.

59. One ticket good for one admission each day of the Fair will be given for every ten dollars of concession money paid, and for each additional charge of ten dollars, or fraction, not less than five dollars, one extra ticket, and no more.

60. Whips, slappers and any other articles that may be objectionable are prohibited.

61. Immoral shows and gambling games will not be admitted.

62. Any concessionaire putting on any indecent or immoral act, or instituting any form of gambling, at any time during the Fair will forfeit his license and be promptly expelled from the grounds.

LIVESTOCK.

63. Exhibitors of horses, cattle, sheep and swine are required to display over each stall or pen occupied by their stock a card containing the name, age and breed of animal and also the name and address of the owner. The cards will be furnished and filled up at the Secretary's office.

64. Straw for bedding will be furnished by the Society, in reasonable amount, free. Arrangements have been made with a responsible party to sell feed on the grounds at market prices to exhibitors. The Society does not furnish feed except in the Poultry Department.

65. Applications for stall room should be made to the Secretary as early as possible.

66. Thursday and Friday will be the days of the parade, and all stock must be in the parade, except where stock is not able to come out or is too vicious, and that to be decided by the superintendent in charge.

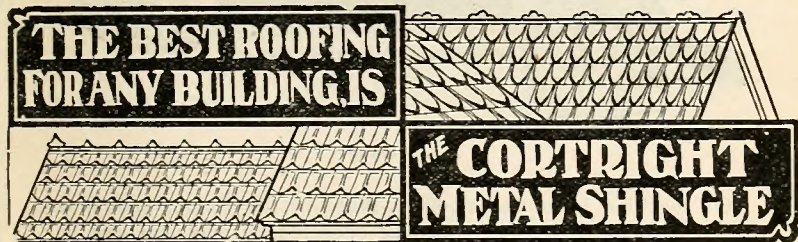

67. All animals must be exhibited in such place and at such time as the superintendent in charge shall direct.

68. Exhibitors shall furnish such information concerning their stock as may be required by the superintendent.

69. From 10 a. m. to 4 p. m. each day all stock must be uncovered and an attendant on hand to answer all questions politely.

POLICE.

70. Special policemen will be sworn in as conservators of the peace, and it shall be their duty to arrest any person creating any disorder or violating any of the rules and regulations of the Society or laws of the State.

Crimson Clover Seed

Best Quality Obtainable—of tested germination

Crimson Clover and Some of Its Uses

The use of Crimson Clover throughout the Middle Atlantic and Southern States has increased enormously in the past few years, due to the fact that it is unquestionably one of the most valuable crops for late summer and fall seeding.

CRIMSON CLOVER, in addition to its great value as a soil-improver, makes a splendid winter cover crop, excellent grazing during the late fall, winter and early spring, and is one of the earliest, best and most nutritious crops that can be put in for cutting for early green feed.

CRIMSON CLOVER also makes a first-class hay crop, provided it is cut just as it is coming into bloom—before the seed forms. It can be used for any of these purposes: grazing, early green feed or hay, and even then the condition and productiveness of the land will be improved to a wonderful extent wherever it is grown.

CRIMSON CLOVER for fruit growers, and for use in orchards as a green cover and soil-improving crop, is unsurpassed, and the largest and most successful orchardists in Virginia, Maryland and Delaware are using it extensively every year with the best and most satisfactory results.

CRIMSON CLOVER increases corn productiveness wonderfully. Many of our best farmers are sowing Crimson Clover at the last working of corn, plowing the crop down end of the following April or early in May, and planting corn again, with increased yields each successive year.

CRIMSON CLOVER as a winter, spring and early summer grazing crop is unsurpassed. A great many of our cattle raisers in this section depend upon Crimson Clover for their early grazing and fattening of sheep and cattle until their regular pastures come into use.

CRIMSON CLOVER for truckers and market gardeners saves fertilizer bills, supplying humus and nitrogen to the soil, increasing productiveness and the quality of crops to a wonderful extent.

CRIMSON CLOVER is usually sown at the rate of about fifteen pounds to the acre, during July, August or early in September. It is also sown to the very best advantage at the last working of corn or other cultivated crops.

Wood's CROP SPECIAL, giving prices and full information about Crimson Clover and all Seasonable Seeds, mailed free on request. Write for it.

Department A.—Field and Garden Crops.

DIRECTOR, C. B. WILLIAMS, WEST RALEIGH.
(Director State Experiment Station.)

PREMIUM A.—Best display of field and garden crops by any county in North Carolina. First, \$250; second, \$200; third, \$150; fourth, \$100.

PREMIUM B.—Best display by public school of North Carolina of methods of teaching agriculture. First, \$25; second, \$15; third, \$10.

SIX HUNDRED DOLLARS IN SPECIAL PREMIUMS OFFERED JOINTLY BY THE STATE BOARD OF AGRICULTURE AND THE NORTH CAROLINA AGRICULTURAL SOCIETY.

1. The State Board of Agriculture offers \$200 for first, and \$100 for second premium for the most varied and most artistically arranged collective Agricultural Exhibit by a resident of North Carolina. The Agricultural Society has added the same amount offered by the Department, and announces three premiums as follows:

First premium	\$300
Second premium	200
Third premium	100

CONDITIONS—*First.* Each exhibitor is required to make affidavit that the products shown were grown on exhibitor's farm during the current year, and not a single product obtained elsewhere.

Second. That no premium be awarded when, in the opinion of the judges, the exhibit is not meritorious in variety, quality or artistic arrangement.

Third. That the following scale of points be adopted in judging individual exhibits (recognizing 100 points as perfect):

Agriculture	60 points
Vegetables	10 points
Home industry	10 points
Fruits	10 points
Artistic arrangement	10 points

NOTE.—Articles entered for the foregoing premiums cannot compete for the individual premiums. This does not prevent any exhibitor from competing for any number of premiums, provided the same article is not entered more than one time.

All exhibits entered for competition must be grown or produced by the person competing, or under his or her direction.

TOMATO CONTEST.

Supplemental premiums to North Carolina Girls' Tomato Club Contests.

The Girls' Tomato Club was started in South Carolina in 1910 by the Farmers' Co-operative Demonstration Work of the United States Department of Agriculture. The work is being extended to a number of Southern States in 1911, among them North Carolina. Definite organizations have been formed in several counties. The following prizes are supplemental to prizes offered by the United States Department and local county prizes:

2. For the largest and most profitable yield on one-tenth acre, best written report of method of production and exhibit:

First premium	\$15
Second premium	10
Next five, each \$5	25

DEPARTMENT A.—FIELD AND GARDEN CROPS.

CONDITIONS.—Each exhibitor will be required to grow at least one-tenth acre, and exhibit at least six cans of product. Prizes will be awarded upon exhibits, written reports, and records concerning the growing of the crop. The following will be the points and credits for each:

Quantity of product	20 per cent
Quality of product	20 per cent
Variety of product	20 per cent
Profit on investment	20 per cent
History or written report	20 per cent

Prizes will not be awarded unless there are at least twelve entries in the contest.

CORN AND COTTON CONTESTS.

Repeating the special feature of the Fiftieth Great State Fair and Homecoming Jubilee last October, the Society announces for the Fifty-first Great State Fair, October 16-21, 1911, two corn contests, one for men and one for boys under eighteen years of age on August 1, 1911; also a cotton contest.

Instead of giving the premiums for the greatest amount of corn or cotton grown to any one acre, the prizes are offered for the most prolific and best exhibits, to consist, in the case of the corn contest, of ten ears, accompanied by six stalks with ears attached; and in the case of the cotton contest, to consist of three stalks with open bolls attached.

In judging the corn, emphasis will be given to prolificacy, type of ears and type of stalk; and in judging the cotton, emphasis will be given to prolificacy, type of stalk and boll and character and percentage of lint.

The premiums will be as follows:

CORN CONTEST.

For Men.

3. Most prolific and best exhibit, any variety, to consist of ten ears, accompanied by six stalks with ears attached, and without suckers.

First premium	\$50
Second premium	40
Third premium	30
Fourth premium	20
Fifth premium	10
Next five, each \$5	25

For Boys.

4. Most prolific and best exhibit, any variety, to consist of ten ears, accompanied by six stalks with ears attached, made by a boy under eighteen years of age on August 1, 1911.

First premium	\$30
Second premium	20
Third premium	15
Fourth premium	10
Next twenty, each \$5	100

COTTON CONTEST.

For Men or Boys.

5. Most prolific and best exhibit, any variety, to consist of three stalks with open bolls attached.

First premium	\$20
Second premium	15
Third premium	10

DEPARTMENT A.—FIELD AND GARDEN CROPS.

NOTE.—It is provided that there must be at least ten entries in each of the foregoing contests. Should there be less than that number of entries, the judges will make suitable recommendations, and the Society will give proper recognition to the most meritorious of the products exhibited. Corn or cotton entered in these contests cannot be entered for any other premium.

It is important that the public should know the varieties, and for that reason each exhibit must bear an attached card giving the name of the variety of corn or cotton.

SUPPLEMENTAL PREMIUM TO NORTH CAROLINA BOYS' CORN CLUB CONTESTS.

	First.	Second.
6. For the largest and most profitable yield per acre, best written report of method of production, and exhibit.....	\$10.00	\$2.00
Next five, each	1.00	

The regulations governing this contest will be as follows:

(1) All boys must be under eighteen years of age and members of corn clubs in the demonstration work.

(2) Each boy must plant his own crop and do his own work. A small boy may hire help for heavy plowing in preparation of the soil.

(3) Each boy must submit an affidavit, attested by two disinterested citizens, showing the amount of the yield, the method of measurement, and that the exhibit was taken from his acre.

(4) The following basis will be used in making awards:

a. Greatest yield per acre	30 per cent
b. Best exhibit of ten ears and five stalks (ears attached)	20 per cent
c. Best written account showing history of crop.....	20 per cent
d. Best showing of profit in business statement.....	30 per cent

The number of entries must be at least ten before any prizes are awarded.

NOTE.—In estimating profits, uniform prices must be used, as follows: Five dollars per acre for rent of average land; 10 cents per hour for work of each boy; 5 cents per hour for each horse; \$2 per load for stable manure, and actual cost for commercial fertilizers.

MR. FARMER:

When you buy, do you simply buy a "wagon," or do you also buy "wagon service"? When you buy the NISSEN WAGON that's exactly what you get—good every-day service year in and year out, with lightest draft, and no repairs. They are made from start to finish in our own factory, and that's why we put our reputation behind our guarantee—we know what goes in them. They have been made in the South for over 125 years and are more popular to-day than ever before. If you have never used one, just ask the man that has, or

ANY "NISSEN" AGENT.

We Expect to Move

into our new store on South Wilmington Street about October 1st, and will be glad to have all our friends call on us in our new quarters.

We will carry a full line of Farm Implements of all descriptions, Farmers' Supplies, Feed Stuff, Field and Garden Seeds.

All mail inquiries and orders will receive prompt attention.

Office and Hospital: 321 South Blount Street

Department B 1.—Horses.

DIRECTOR, R. S. CURTIS, WEST RALEIGH.

(Animal Husbandman N. C. Experiment Station, West Raleigh.)

SPECIAL REGULATIONS.

Certificates of registration for this section must be filed with the director of this department.

Exhibitors of horses will be required to test their animals under the direction of the judge or judges who may have charge of the class in which the entries are made. The director of this department has full power to rule out of competition all who do not comply with these requirements.

Horses to compete for premiums must be sound, except in cases of stallions or mares injured by accidents, which do not impair them for breeding purposes.

In the classes for Coach or Carriage Horses the entries will consist of pure-bred French Coachers, German Coachers, Hackneys, or their grades.

In the classes for Roadsters and Drivers, the entries will consist of registered Standard-bred Horses, or their grades.

The judges will discriminate severely against animals that have any hereditary or transmissible defect or unsoundness, such as bone spavin, ring-bone, curb (when accompanied by curby hock), cataract, string-halt and roaring. All questions concerning soundness of animals shall be referred to a competent veterinary surgeon.

The ages of horses and foals will be reckoned from January 1st. All foals will be considered one year old on the 1st of January succeeding birth.

In classes for get of pure-bred stallion and produce of mare progeny from grade mares will be admitted.

Attention!

If you want your cows to produce the maximum amount of milk you must give them the best feed money can buy—one that is properly balanced, digestible, easily assimilated, and at the same time keeps them in good physical condition at all times.

Sucrene Dairy Feed

will do this; and, besides, it costs you less money, when results obtained are taken into consideration, than any other feed on the market. Don't take our word for it, but ask your neighbor who has fed it.

Amco Hen and Chick Feeds

are made of pure grains properly balanced, kiln-dried, and contain no dust or dirt. The best poultry feeds on the market. Insist on AMCO and save money.

Shropshires

Bred for Type and Mutton Qualities

The flock consists of imported and home-bred. Great care has been taken to select the best from the noted flock of H. L. Wardwell. Our sires consist of H. L. W.'s 517, Legal Finder, Minton's Best, and an imported Lloyd Jones ram.

In 1909, our flock won six firsts and two seconds at Lynchburg Interstate Fair, Va.: Second, aged ram; first, yearling ram; first, ram lamb; first and second, on aged ewe; first, yearling ewe; first, on ewe lamb; first, on flock; and first on get of sire; both championships and reserve championships at our State Fair, Richmond, Va.; all firsts and seconds at Danville, Va.

Our aim is to produce the best Shropshire in type and breeding.

SPECIAL REGULATIONS.

Stubble or otherwise improperly shorn sheep shall be excluded from competition.

All sheep entered for competition must be accompanied, when demanded, with an affidavit from the owner and exhibitors, sworn to before an officer authorized to administer oath, to the effect that the sheep have been shorn since March 15, 1911, and the date of shearing must be given. Sheep must be owned by one individual or previously existing firm for at least thirty days prior to exhibition.

In all classes of pure-bred sheep such entry must be accompanied by a certificate of registry, attested by the secretary of the respective registry record to which its breed belongs, published in the United States of America, showing the animal offered in competition to be duly registered therein, and comparing with the descriptive markings, labels and age described in the certificate. If demanded, affidavit must be made to that effect.

Animals competing for the individual premiums may also compete for the flock premiums.

AMERICAN BERKSHIRE ASSOCIATION SPECIALS.

A.—The American Berkshire Association, for the purpose of encouraging breeders generally to exhibit their herds at the State Fairs of 1911, offers a Solid Silver Cup (value \$50) to the owner of the best herd of Berkshires, consisting of a boar and three sows under one year, at each State Fair that provides a separate classification for Berkshires. Second prize, \$15; third prize, \$10 offered by State Fair. Animals farrowed after September 1, 1910, will be considered eligible to compete for the prizes.

Conditions.

First—Upon the acceptance of this offer by the State Fair Association the announcement can be made.

Second—That the boars and sows competing for the above prizes must be registered in the record of this association at time of entry, and there must be three or more competitors. Exhibitors must produce, for the examination of the superintendent of the Swine Department of the Fair, a certificate of ownership from the American Berkshire Association, showing that each animal was bred and has been owned by him at least ten days before the opening of the Fair at which shown.

Third—That the animals competing for the above premium must be bred and owned by an exhibitor of the State in which the Fair is held, and no animal will be entitled to compete in more than one contest for the American Berkshire Association Trophy.

BERKSHIRE ASSOCIATION SPECIALS.

B.—The North Carolina Berkshire Breeders' Association (R. S. Curtis, Secretary, West Raleigh, N. C.) is offering a Silver Loving Cup for the best boar and six of his get under one year and over three months of age shown by a member of the association. Second prize, \$10; third prize, \$5.

"BERKSHIRE WORLD" FUTURITY.

The Cornbelt Stockman Publishing Company, Springfield, Ill., publishers of *The Berkshire World and Cornbelt Stockman*, instituted the Berkshire World Futurity Shows to be held in connection with all State Fairs in 1911.

Fifty per cent of the nomination fees sent to *The Berkshire World and Cornbelt Stockman* will comprise the Futurity Fund in this State, and in addition to this amount this Society will offer \$25. Other contributions to the amount of \$15 have been subscribed, which, with the 50 per cent of the nomination fees, makes the total fund \$60.

Classification.

C.—Best boar, six months and under twelve.

D.—Best boar under six months.

E.—Best sow, six months and under twelve.

F.—Best sow under six months.

The Futurity Fund in each State will be divided into four equal parts, one part for each of the four classes named above, and in this State each class will be awarded three moneys, divided into the following ratio: First money, 50 per cent; second money, 30 per cent; third money, 20 per cent.

In case there are not three entries in each class, the money will be prorated in the same ratio, thus providing that the entire Futurity Fund in each State will be awarded to the competing breeders.

Entries.

Nominating the sire and dam does not enter the pig. It simply makes the pig eligible to entry, and if breeders desire to show in the Futurity classes, they must make entries with the editor of *The Berkshire World and Cornbelt Stockman*, Springfield, Ill., at least fifteen days before the opening of the Fairs at which animals are to be shown.

Pigs eligible to the Futurity shows may be shown in any or all of the State futurities until they win first. After winning first they are barred from further showing.

For further particulars and nomination blanks, address THE BERKSHIRE WORLD AND CORNBELT STOCKMAN, Springfield, Ill.

Will Do What We Claim

As a preventative as well as in treating and curing Pnenmonia, Grippe, Colds, Coughs and Bronchitis, *Rice's Goose Grease Liniment* will prove a success when other remedies fail. It is absolutely safe and sanitary. Should be in every household.

This is Cyrus O. Bates, the man who advertises Mother's Joy and Goose Grease Liniment, two of the greatest things known to humanity.

DIRECTOR, JOHN C. DREWRY, RALEIGH.
Judge for 1911, J. P. KERR, Haw River.

SPECIAL REGULATIONS.

The American Standard of Perfection (revised edition) will be the guide of the judges in awarding the premiums.

Unless there are three or more entries in each class of Cocks, Hens, Cockereels and Pullets, second money will be paid and first honor given. No premium will be given unless specimen is worthy. If only one entry, no money will be paid.

Competition is limited to North Carolina, South Carolina, Virginia, Tennessee and Georgia, and all specimens exhibited must be the property of the exhibitor.

All entries must be made with the Secretary not later than Saturday, October 14th, and specimens must be in coops by 12 M. Tuesday (the 17th) as judges will begin at that time, and all specimens not in place will be debarred from competition.

All specimens will be classified and each breed grouped.

Entry fees—poultry, 25 cents each bird; pigeons and ornamental class, 25 cents per pair; pet stock, 25 cents each head.

For the benefit of beginners, we append the recognized terms: Cock, a male specimen hatched prior to 1911; Cockerel, a male specimen hatched during 1911; Hen, a female specimen hatched prior to 1911; Pullet, a female specimen hatched during 1911.

Exhibitors need not accompany their fowls. When addressed to Superintendent Poultry Department, State Fair, Raleigh, N. C., with express or freight charges prepaid, they will receive proper attention and be returned to owners at the close of the Fair.

The Society will feed and coop free all specimens sent.

LOADED SHELLS

Cannot Be Beaten

For Field or Trap Shooting

They are strong, sure-killing loads, yet do not "kick" excessively. They give a splendid shot-pattern, and no bird can ever get through it.

They are quick as lightning; leave the gun barrel clean, and, best of all, every shell of a given load is exactly like every other—no disconcerting "punk" or heavy charges.

YOU CAN DEPEND ON THEM ABSOLUTELY

If your dealer cannot supply you, write us.

MALCOLM McDONALD,

SOLID SILVER CUP, VALUE \$100.
Awarded for Sweepstakes in Horticulture. Won in 1910 by
Sparger Orchard Company, Mount Airy, N. C.

Department D.—Horticulture.

DIRECTOR, W. N. HUTT, STATE HORTICULTURIST.

As far as possible, it is desirable that horticultural exhibits be brought in, set up, and entered by the growers. Where this is not possible, the committee will be glad to receive, place on exhibit and enter for premiums all suitable horticultural products sent in. All exhibits competing for premiums must be grown in this State.

In sending in fruit for exhibition, select only those specimens that are perfect in form and color and free from all insect and fungous blemishes. Do not shake or knock off the fruit from the tree, but pick each specimen by hand, taking care not to pull the stem out. Wrap each fruit separately in paper, and pack firmly in box or barrel, taking every care to avoid bruising. Label each variety and put in papers to keep varieties separate. Do not use hay, fodder, excelsior or any other dusty material in packing. Nail up firmly and direct to "State Fair, Department of Horticulture, Raleigh, N. C." Barrels of apples to compete in class of commercial barrel pack must be faced and headed. All other barrels may be closed with burlap cover.

At the opening of the Fair, wooden plates for the variety exhibits of fruit will be furnished free by the Secretary.

A perfect plate of fruit should contain five specimens, and no more, (if possible, with stems attached) characteristic of the variety, of high color, of uniform marketable size, free from cuts or bruises and all insect and fungous blemishes. If additional specimens are sent in by growers, the committee will select and place on exhibit the best possible plate to be made from all the specimens submitted.

Commercial box apples should be graded to uniform size, of high color, free from bruises and insect and fungous blemishes. They should be properly packed in standard bushel boxes of $10\frac{1}{2} \times 11\frac{1}{2} \times 18$ inches, inside measurement. The boxes should be of soft, light woods, smooth-sawed inside and dressed outside. The ends are three-quarters of an inch thick, the sides three-eighths of an inch, and the top and bottom one-quarter of an inch. The attractiveness of the label will be taken into consideration.

Commercial barrel apples should be fairly uniform in size, of high color, and free from bruises and insect or fungous blemishes. The standard apple barrel contains approximately eleven pecks. Special attention will be given to brands and labels.

The committee will see that each plate of fruit is plainly marked and correctly named and the entry tag attached to the same, so that the entry can be identified by the judges without difficulty. A premium offered for a general collection of fruit will not be awarded to a mere pile of apples or other fruit, but must be for a real collection, arranged on plates of five each, and all correctly labeled, and no fruit will be counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches, or any other fruit, will not be awarded to a mere number, but to the quality of the exhibit mainly. The committee will withhold premiums in any case where there is no competition and the article is of inferior quality, and no second premium will be given solely because there is no other exhibit but the two, but all fruits must be of good quality. No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules. The awards for fruits will be made on the afternoon of the second day of the Fair, and all not then in place will be left out. No exhibitor will be allowed to discuss exhibits with the committee, or to interfere in any way while the committee is at work. To avoid all unnecessary walking to and fro on the part of the judges, the fruit exhibit must be arranged in consecutive space near together, and not scattered about the buildings.

SEE OUR GREENSBORO STORE.

J. Van Lindley Nursery Company
POMONA, NORTH CAROLINA

In the exhibits of exotic plants in pots, the plants competing for each premium must be arranged by themselves, as the judges will not hunt among a mass of plants to find the ones competing for special premiums, and no plant in the professional class will be awarded a premium unless it shows a well-grown specimen of its kind. In the premium for the best and largest assortment of cut flowers each variety must be shown in a separate bottle of water or other vessel to show them properly and keep them fresh, and no notice will be taken of collections loosely thrown on the tables.

In the nomenclature of fruits, the names adopted by the American Pomological Society will rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never before exhibited. A pile of fruit brought for sale merely will not be allowed to count in a general collection of fruit, as all fruit shown for premiums must be arranged on plates and remain on them till the close of the Fair.

An especially attractive feature of this year's Horticultural Premium List is the handsome and valuable trophy (shown elsewhere in list) given by the management of the State Fair for the Grand Sweepstakes Prize in Horticulture. This trophy, which is of solid silver, beautifully chased and embossed, was made to order according to a special horticultural design. It is valued at \$100. It is useful as well as ornamental, for it is made in the form of a water pitcher. On the front of the pitcher is a gold plate, on which will be inscribed the names of the winners of the trophy until it is won twice by the same party. The trophy will be awarded according to the following rules:

1. Trophy to be given at the State Fair as Grand Sweepstakes Prize for the best general exhibit of fruit in North Carolina grown by one exhibitor.
2. Trophy to be won twice before becoming the property of the exhibitor, and will be awarded according to the following schedule of points:

A. Commercial Display (boxed and barreled apples).

a. Freedom from insects and diseases.....	15 points
b. Uniformity of grade	15 points
c. Neatness of packages, labels, etc.	10 points
d. Color of fruit	10 points

B. Plate Display.

a. Freedom from insects and diseases	10 points
b. Uniformity	10 points
c. Color	10 points

C. Other Classes of Fruit Represented.

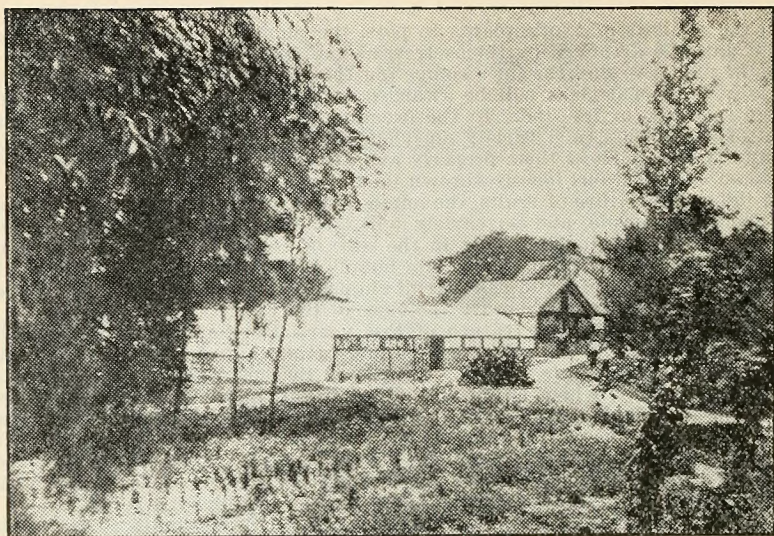

Pears	4 points
Peaches	4 points
Plums	4 points
Grapes	4 points

Total..... 100 points

No award is to be made unless, in the discretion of the judges, the exhibits are of sufficient merit.

NOTE.—COLD STORAGE FOR EXHIBITION FRUIT.

A cold-storage headquarters for exhibition fruit for the State Fair and the National Horticultural Congress has been opened at Greensboro, N. C. All fruit for these exhibitions sent prepaid to the Greensboro Ice and Coal Company, in care of W. N. Hutt, State Horticulturist, will be stored free of charge. They will also be placed on exhibition free of charge, and all prizes and awards won by them will go to the parties sending in the fruit.

Why Farmers Should Keep a Bank Account

Their bank deposit book affords them a complete record of their cash receipts, while the stubs of the check book are a perfect record of expenses and payments. Paying a laborer, a store account, or any other bill, with a bank check is much safer than with money, because the person receiving the check must endorse it, and the check being returned to the maker by the bank can be preserved as a receipt.

Money deposited in a bank is not so easily and so often "fooled away" as when carried around in one's pocket.

Farmers: Try the experiment for one year of keeping a bank account and see if it does not pay you. A large number of the best farmers have accounts with us.

We are desirous of having farmers' accounts, even though small, for in this locality their accounts are sure to grow larger.

Electrical Machine Repairing

Who does yours?

Is the work and price, as well as the time-limit, satisfactory?

That's our business.

We do as well as any one—better than most; do it right; do it promptly, at a reasonable cost-charge.

Suppose'n you figure with us on your next job of repairing. We would appreciate your business.

We will purchase your second-hand A. C. and D. C. machines. If out of running condition, we'll buy anyhow.

If you wish a second-hand machine, we may have it—ask us.

Armature Winding and Ferrofix Brazing Co.

CHARLOTTE, N. C.

AUTOGENOUS WELDING, FERROFIX BRAZING. Most folks don't know about 'em. But they do the work—most always; sometimes they fail of connection.

Broken cast iron, brass, steel, copper, and aluminum parts—we make 'em good again. Do it right now—while you wait, and the wait is not long.

Sometimes the cost is out of proportion to the value of the part, but if time is a consideration, there is where we come in.

Auto aluminum parts that break your heart when they go wrong, and break you when you buy new ones—we make 'em good again.

We may not be able to repair your particuar part? It's dollars to doughnuts we can.

It may pay us both to have you investigate. Suppose'n you do.

**The Next School Year Begins September 28, 1911,
and Closes May 9, 1912**

There are comprehensive courses of study in the College Preparatory, Normal, and College Departments, as well as in the Schools of Law, Theology, Medicine and Pharmacy.

An addition is being made to the rear of the Chapel Building which will give additional kitchen and dining-hall accommodations.

The Leonard Medical Building has been enlarged and equipped with modern laboratories; and an up-to-date hospital, now in process of erection, will be ready for use at the opening of the next school year.

As the accommodations are limited and the attendance has become so large, applications should be made at least several months, or a year, in advance.

Excellent facilities for industrial training are now provided for both sexes.

The Golden Rod Vacuum Cleaner

The Secret
of
Good Health
Is Cleanliness

You will be assured of absolute cleanliness if you use this vacuum cleaner. Dust, sand, diseased vegetable matter that is tracked into the house, it don't matter where it is, the vacuum cleaner gets it and holds it in an air-tight steel can that can be taken out of doors and emptied.

Not only what you need, but it is a necessity, and an improvement. A more sanitary home means better health, and therefore less doctor bills.

YOU CAN'T AFFORD TO DELAY

Order now. The introductory price is only \$8.50. All shipments sent C. O. D. unless money is sent with order. Circulars sent on request.

If I have not an agent in your county yet, why not you take the agency? It is easy to make \$25 per week selling the Golden Rod. Address

No Engineer Necessary
No Big Coal Bills to Pay

STEADY SPEED

BETTER WORK

LESS COST

The two-cylinder, 25 horse power IHC gas and gasoline engine is especially designed to supply power for cotton gins, factories, water-works and electric lighting plants. The variation in speed from no load to full load on this engine is less than 2 per cent. This regulation is as close as that of a high-grade steam engine. It has many advantages over the steam engine. No licensed engineer is required; no fireman to supply coal and water. There is neither smoke nor sparks, and no time is lost in firing up.

The IHC engine is always ready. It is a simple, economical engine, easy to understand and operate. The IHC engine can be equipped for the use of either city, natural or producer gas, or gasoline fuel.

Every IHC engine is thoroughly tested before leaving the works, and is guaranteed to produce power in excess of its rating.

The IHC line of gasoline engines includes an engine for every section and every problem, of all sizes and for all uses.

Horizontal Stationary—4, 6, 8, 10, 12, 15, 20 and 25 horse power.

Vertical Stationary—2, 3 and 25 horse power.

Hopper-Cooled—2, 2½, 3, 4, 6 and 8 horse power.

Portable—4, 6, 8, 10, 12, 15, 20 and 25 horse power.

Famous Skidded—2, 3, 4, 6 and 8 horse power.

Famous Mounting Engines—2½ to 20 horse power.

Air-Cooled—1, 2 and 3 horse power.

Traction—12, 15 and 20 horse power.

Also spraying, sawing and pumping outfits and jacks.

Call on the nearest IHC local dealer and ask him to demonstrate our gasoline engines for you, or if you prefer, write us for catalogue.

WHY I SHOULD INSURE IN THE OLD CONSERVATIVE
OF THE NEW SOUTH

The South Atlantic Life Insurance Company

of RICHMOND, VA.

EDMUND STRUDWICK, President

B
E
C
A
U
S
E

It has over \$900,000 of net assets.

Its policies contain all the good in life insurance, eliminating the undesirable.

It issues all the approved forms of life insurance without the ridiculous or impossible.

It has always paid every just claim promptly.

It will loan on its policies.

It will invest my money for Southern development only.

I don't have to die to win. If I live 15, 20, 25 or 30 years I can settle my policy in the way best suited to my need at any time.

If I live I create a fund for my own use in old age; or if I die I create an estate for my loved ones.

It is the most valuable estate I can leave, more certain than lands, houses, stocks or bonds.

It is managed and controlled by Southern men of known ability and integrity for the good of the communities in which it does business.

Finally, I want the very best for my money, and the SOUTH ATLANTIC will furnish it.

BUSINESS-LIKE FARMERS, Have Learned What All Business Men Ought to Learn—That Labor-saving Equipment Earns More Than it Costs

The next step in this direction on any farm is the purchase of a good gasoline engine; the most useful general labor-saver you ever had; earns its cost every six months, or less.

When you're ready to consider it, get information about the OLDS GASOLINE ENGINE; send to us for catalogue and full details.

We've been building these engines for thirty years; we know how.

We're making the best engine in the world, and we'd like a chance to prove it.

Why will you persist in sleeping on old moth-eaten feather beds—alive with germs—or an old, hard lumpy felt or hair mattress, when it costs you such a small sum to have them thoroughly and scientifically cleaned and renovated? You have possibly had your spring cleaning, and everything has been given its annual cleaning except the most important things in your house, which certainly must be your mattresses, feather beds and pillows.

How to Save Money on Typewriters.

You can save \$25.00 to \$50.00 on every typewriter you buy and get a machine that looks and serves you almost as well as a brand new machine. We rebuild typewriters of every standard make and put them in almost as good condition as the day they left the maker's factory. The action is perfect, and the machine does practically as neat, legible work as it ever did. When any make of typewriter is rebuilt by our experts, new parts are put in, old parts put in first-class condition and made proof against strain and breakage. Our guarantee of absolute satisfaction is as strong as that of the original manufacturer.

AMERICAN FACTORY REBUILT TYPEWRITERS

If you intend buying a typewriter, or if the machine you have is worn out, this is your opportunity to get the greatest typewriter value ever offered for the money. It will pay you to investigate our selling and rental plan. We apply rent on purchase price.

This Trade-Mark Identifies a Line of Farm Machines Which Has No Superior

Value of a Trade Mark

The IHC trade mark is a guarantee to you that every machine on which it is stamped is as perfect as good brains and honest hands can make it.

IHC represents the highest class material and faultless workmanship. It means that every machine stands on its own merit. You have no time nor opportunity to investigate so-called improvements on farm machines and implements. *Don't waste money on experiments.* Buy from a dealer who handles the line which bears the IHC trade mark. It is a certificate of good character placed on machines and implements with a splendid reputation, and will protect you from annoyance and loss. You may need a new farm machine. The machines mentioned in this advertisement all carry the IHC trade mark, which signifies *worth.*

BATTS'

Four-Ear Prolific Corn

THE PREMIUM WINNER (for Prolific Corn) at the North Carolina State Fair, 1910.

The above is a picture of the twenty ears of BATTS' PROLIFIC that won the \$100 first prize at the last State Fair.

WORLD'S CHAMPION 1909-1910.

Batts' yield, 226 2-3 bushels per acre, broke all authentic records in 1909.

A South Carolina boy planted BATTS' PROLIFIC in 1910 and astonished the world with a yield of 228 bushels on one acre.

The above record speaks for itself; it gives BATTS' PROLIFIC first place among prolific seed corns.

BATTS' PROLIFIC is as good in quality as it is excellent in quantity. It is a hard white grain on small cob. When properly fertilized and cultivated, it will show four good ears to the stalk, and often more.

Batts' 1911 crop (forty acres) is the best so far that he has produced. The public is invited to personally inspect his crop.

SEE HIS EXHIBIT AT THE NEXT STATE FAIR

Buy only BATTS' FOUR-EAR PROLIFIC from J. F. Batts, and under his trade mark, if you want the standard.

Aeroplane At The Fair

The State Fair management has closed a contract with the Glenn H. Curtiss Company of New York for daily aeroplane flights here during the coming Fair, week of October 16-21. The Curtiss Company is, of course, recognized the world over as being unsurpassed in the manufacture and handling of aeroplanes, to Mr. Curtiss being entrusted the experimentation work of the Government in the aeronautic field.

Either Lincoln Beachey or Hugh Robinson will be the aviator to fly in Raleigh the third week in October. Both have achieved undying fame in their perilous calling. Beachey will be remembered as the daring birdman that flew under the steel bridge at Niagara a few months ago, and Robinson's flight at Cairo, Ill., when he swooped under the Illinois Central bridge, skimming within two feet of the waters of the Ohio River, was hardly less startling. Beachey and Robinson and one other are the only aviators that have yet been recorded as attempting flight beneath bridges.

These sky-flyers are fond of soaring to vast heights, a mile or more up in the air, and descending in great spiral glides that are regarded as the most dangerous of aviation gaits, and the "death dip" is to them a midair frolic.

Altogether, the work of these two flyers is spectacular in the extreme. Several flights will be made each day, all being after 12 o'clock noon.

This contract with the Curtiss Company incurs great expense and much effort, but the management of the State Fair, feeling that its patrons are entitled to the best that is offered along amusement, as well as educational lines, has not hesitated to take this step, confident that it will be appreciated by the people of North Carolina.

In addition to the aeroplane, there will be a number of other free attractions, the most up-to-date, spectacular and interesting that can be secured.
